The Fitzwilliam Painting Co. Ltd is a professional painting and decorating company based in Dublin 2, providing a nationwide service since 2005.

Excellence in
Painting & Decorating
Award

Working in both the public and private sectors, The Fitzwilliam Painting Co has developed a reputation for delivering high-quality craftsmanship on time safely, efficiently, and professionally. The firm approaches all its projects with honesty and integrity with a desire for continuous improvement. The professional team provides a proactive service to clients and has been fortunate to work with some of the top names within the construction field.

Notwithstanding that 2020 and 2021 have been tough years for many businesses, The Fitzwilliam Painting Co. is very happy to have secured a number of public sector contracts. For the HSE, they will be working on refurbishing existing wards and offices at Connolly Hospital in Blanchardstown. This is a particularly challenging contract as it involves careful planning and co-ordination given the busy nature of the environment. As with all their contracts, the permanent on-site presence of one of the managers provides peace of mind to the project co-ordination knowing that decisions,

scheduling and application can be made on the spot. This enables the firm to maintain its reputation for completing projects on time and on budget.

In 2022 The Fitzwilliam Painting Co. will be offering preventive maintenance programmes to all Public Sector bodies. This program has proved very successful in the private sector, particularly in large apartment schemes, and it is a must-have consideration for every property manager in the public sector. Essentially the service includes a complete site survey, recording every painted surface and identifying the existing coating/colour. Accompanying this will be the recommended time frame between coats that should be maintained to achieve optimum surface performance. A 6-month inspection is advised, after which areas requiring attention are recorded and submitted to the Property Manager.

For Dublin City Council, The Fitzwilliam Painting Co. is delighted to have been selected for the redecoration of the main

library within Dublin City Library and Archive. It is very rewarding to see these beautiful period buildings returned to their former glory, so the team is really looking forward to this project.

As a young and dynamic company, The Fitzwilliam Painting Co. is always looking for projects to be involved in. Expansion is on the horizon, and they are always keen to be involved in public sector projects. Like many other professional contractors, the firm's biggest obstacle to growth is the lack of available and qualified professional staff, which is why they take great pleasure in taking on apprentices through Solas in the hope of sharing their knowledge and passion for the trade.
